I we look at the percentages achieving each level they are up on last year for all subjects.

	2009			2010			2011		
	School	Beds	Nat	School	Beds	Nat	School	Beds	Nat
Reading	17.9		15.7	16.8	16.8	15.7	17.1		
Writing	16.7		14.3	15.9	15.6	14.4	16.8		
Maths	17.3		15.7	17.1	16.6	15.7	17.1		
Overall	17.3		15.2	16.6	16.3	15.2	17.0		

As you can see from the results this year the average point score for reading and writing is up on last year with maths staying the same. This also means that we are sig+ for all three subjects this year (reading was not last year) I have added a column for an overall school figure comparison this year to show how we are viewed over all three subjects.
